

NATIONAL RATINGS FRAMEWORK

Public submissions to DCCEE (Dept Climate Change & Energy Efficiency) "Draft National Building Energy Standard Setting, Assessment & Rating Framework" submissions closed July 7, 2012 and are listed: <http://www.climatechange.gov.au/en/government/submissions/closed-consultations/national-building-framework-sub.aspx>

There are 55 submissions. The common theme is that there are overwhelming problems with building energy ratings. Selected submissions are listed here and worthy of reading. Many more also.

*Property Council of Australia
